The best design hotels in Copenhagen

An expert guide to the best design hotels in Copenhagen, including the top places to stay for Scandi-chic interiors, quirky rooms, stylish restaurants, buzzy bars and city views, in locations close to Nyhavn, Tivoli Gardens, Amalienborg and Freetown Christiania.

HOTEL ALEXANDRA

Hotel Alexandra is the only retro hotel of its kind in Copenhagen, decorated with mid-century modern Danish design pieces such as Arne Jacobsen's egg chair, Børge Mogensen's Spokeback Sofa and Finn Juhl's teak coffee tables. Don't be fooled by the feeling of time standing still though: this hotel is modern and welcoming, right on The Town Hall Square. If you're looking for real time travel, book either the Collector's Suite or the Verner Panton Suite: the first is inspired by the Seventies and is designed by well-known collector of Danish vintage furniture Anders Petersen; the latter is a tribute to the Sixties and the famous Danish designer.
